TO: **Dr. Desiderio Apag III, PCpE**
President, ICPEP R10

Dear Dr. Apag,

Cordial greetings!

We are thrilled to extend our sincerest invitation to you and your esteemed institution to participate in the upcoming 2nd International Research Conference on Computer Engineering and Technology Education (IRCCETE) with the theme "Adaptive Learning Landscapes: Reshaping Computer Engineering and Technology Education" and National CpE Challenge hosted by the Institute of Computer Engineers of the Philippines, Incorporated (ICPEP, Inc.). Scheduled to take place from **April 18-20, 2024 at Adamson University in Ermita Manila**

The IRCCETE 2024 aims to foster innovation and excellence in research within the field of Computer Engineering and Technology Education. ICPEP recognizes the importance of research in institutional development, and IRCCETE serves as a platform for researchers to present their findings and engage in meaningful discussions that contribute to the advancement of the discipline.

The National CpE Challenge hosted by ICPEP NCR forms an integral part of our larger three-day event, which is also in conjunction with the prestigious International Research Conference on Computer Engineering and Technology Education (IRCCETE) during the same dates. This convergence of events is poised to be a hub of academic excellence and technological advancement.

The objectives of the National CpE Challenge are clear and ambitious, reflecting our commitment to the development of Computer Engineering (CpE) students:

1. Enhance competencies of CpE students through various academic competitions and e-Sports.
2. Provide a venue for them to showcase the knowledge and skills they have acquired through nationwide competitions.
3. Promote competitiveness among CpE students in preparation for adverse changes brought about by unexpected situations.

As the Chapter President of your Region, we would like to extend a special request for you to arrive early on the first day of the event to attend an early meeting. Your presence and input will be invaluable in shaping the direction and success of the conference.

We sincerely hope that you will accept our invitation to participate in both the National CpE Challenge and IRCCETE 2024. Your involvement will undoubtedly enrich the discussions and contribute to the success of these events.

We eagerly anticipate your presence and look forward to welcoming you to Manila.

Yours truly,

Dr. ROBEN A. JUANATAS, PCpE

once again to be invited by the Institute of Computer Engineers incorporated as the Inducting Officer for the newly recognized tified Computer Engineers of the Philippines. This event will take **1st Annual Research Conference on Computer Engineering and Technology 2024** at **Adamson University in Ermita, Manila**.

I also grab this opportunity to proceed to CHED Central Office for Records in preparation for your retirement this year.

May I be allowed to attend this very momentous event and at the Office for an Official Business? Services rendered during this period compensatory Time Off (CTO), subject to proper documentation.

Positive reply on this regard.

Sincerely yours,
